## ACTIVITY MEDICAL DIRECTOR

### Paxton V. Dickson, MD, FACS

Dr. Dickson is a professor of surgery within the UT Health Science Center Department of Surgery, Division of Surgical Oncology. Following medical school and residency at UTHSC he completed fellowships in surgical oncology and endocrine surgery at M.D. Anderson Cancer Center in Houston, Texas. His clinical focus is on the treatment of patients with hepatobiliary, pancreatic, gastric, and endocrine tumors, and disease processes. Since returning to Memphis in 2012, Dr. Dickson has worked toward providing multidisciplinary cancer care for patients in the greater Memphis area. He has a passion for our city and community and is honored to serve as the program committee chair for this year's Norfleet Forum.

## REGISTRATION

Space is limited. Online registration is available at: <https://cenow.uthsc.edu/content/2025-norfleet-forum>  
There is no cost to attend this forum.

## ACTIVITY LOCATION

The National Civil Rights Museum  
450 Mulberry Street  
Memphis, TN 38103

## PARKING

Free parking is available in the museum's visitor lot for participants in the forum.

To enter the visitor lot, turn north onto Mulberry Street from G.E. Patterson Avenue.

## CONTACT INFORMATION

EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in  
the provision of its education and employment programs and services.

2025 Frank M. Norfleet Forum  
for the Advancement of Health

## Overcoming Barriers to the Delivery of Cancer Care in Underserved Populations

Department of Surgery  
Division of Surgical Oncology

Friday, April 11, 2025  
7:30 AM - 3:00 PM

The National Civil Rights Museum  
450 Mulberry Street • Memphis, TN 38103

## OVERVIEW

The Frank M. Norfleet Forum for the Advancement of Health was established at UTHSC in 1979 through a designated fund within the Community Foundation of Greater Memphis. The mission of the Norfleet Forum is to focus on the improvement of the health status of the citizens who reside in Memphis / Shelby County, the State of Tennessee, the nation, and the world, through concern for effective health policies and organization. The 2025 Norfleet Forum focuses on overcoming barriers to the delivery of cancer care in underserved populations.

## EDUCATIONAL OBJECTIVES

- Bring together national and local thought leaders to participate in both didactic and panel discussions outlining how social determinants of health present challenges in the delivery of cancer care within ours and similar communities.
- Present current programs and initiatives within the community that are directed toward overcoming the challenges faced in delivery of cancer care in disparate patient populations.
- Foster the exchange of ideas and facilitate potential collaborations among established cancer programs, local not-for-profit organizations, healthcare workers and administrators, researchers, and community leaders toward improving the delivery of high-level cancer care to traditionally underserved patients within the community.

## DESIRED OUTCOME

The goal of the 2025 Norfleet Forum is to serve as a dynamic platform uniting experts, researchers, and advocates dedicated to addressing the disparities in cancer care access and outcomes. Participants will discuss the various methods and strategies that healthcare professionals can implement in their daily practice to eliminate the barriers to the delivery of cancer care in underserved populations. The agenda for the day is designed to include insightful discussions, impactful presentations, and collaborative initiatives aimed at advancing cancer health equity across diverse communities. Together, we will explore innovative strategies to ensure equal access to quality care, fostering a future where every individual receives the support he or she needs on his or her cancer journey.

## TARGET AUDIENCE

Physicians, community healthcare providers, nurses, nurse practitioners, fellows, residents, medical students, administrators, patient navigators, and anyone who works with cancer patients

## KEYNOTE SPEAKER

**Callisia N. Clarke,  
MD, MS, FACS, FSSO**

Douglas B. Evans Endowed Chair  
for Surgical Research  
Division Chief of Surgical Oncology  
Co-Associate Director of Clinical Research  
Associate Professor of Surgery  
Medical College of Wisconsin

Callisia N. Clarke, MD, MS specializes in Surgical Oncology with a focus on hepatobiliary, skin and soft tissue malignancies. Dr. Clarke received her medical degree from the University of Cincinnati College of Medicine and was inducted into the Alpha Omega Alpha Honors Society. After completing a residency in general surgery at the same institution, she matriculated to the Complex General Surgical Oncology Fellowship at the University of Texas M. D. Anderson Cancer Center in Houston, TX.

Dr. Clarke joined the faculty at the Medical College of Wisconsin in 2016 and now serves as the Douglas B. Evans Endowed Chair of Surgical Research and the Division Chief of Surgical Oncology. Dr. Clarke is nationally recognized and an expert in cancer disparities and management of gastroenteropancreatic neuroendocrine tumors. She holds several leadership positions in national organizations. Dr. Clarke is the immediate Past President of the Association for Academic Surgery and serves in other major leadership roles in the Society of Surgical Oncology and the American Board of Surgery. In May 2024, President Biden appointed her to the National Cancer Advisory Board where she works to guide the NCI and the NCI Director on cancer research, policy, and program priorities.

## GUEST SPEAKERS

**Meira Epplein, PhD**

Co-Leader, Cancer Risk, Detection, and  
Interception (CRDI)  
Duke Cancer Institute  
Professor, Population Health Sciences and  
Medicine  
Duke University School of Medicine

**Michelle Bowden, MD**

UT Health Science Center  
Le Bonheur Children's Hospital

## DISCLOSURE STATEMENT

The University of Tennessee College of Medicine is committed to providing CME that is balanced, objective, and evidence based. Individuals involved with planning, reviewing, and presenting content for this activity must disclose all relevant financial relationships with ineligible companies within the past 24 months, regardless of the amount. The ACCME defines ineligible companies as those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Financial relationships are relevant if the educational content an individual can control is related to the business lines or products of the ineligible company. Individuals must disclose regardless of their view of the relevance of the relationship to the education. The UT College of Medicine, the CME staff, and Activity Director have taken appropriate steps to identify and mitigate relationships prior to the individuals assuming their roles.

**5.75 CME / CEU credits provided**

COLLEGE OF MEDICINE  
CONTINUING MEDICAL  
EDUCATION

### AMA Credit Designation:

The University of Tennessee College of Medicine (UTCOM) designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### Continuing Education for Non-Physicians:

The UTCOM will issue Certificates of Participation to non-physicians for participating in this activity and designates it for CEUs using the national standard that 1 hour of educational instruction is awarded .1 CEU.

### Accreditation:

The UTCOM is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
